Quality Teams in centres and service spheres

Role of working group

To ensure and support the widespread engagement of stakeholders in the annual and inaugural review processes by:

- linking with the centres and services spheres to
 - support them in carrying out the self-evaluation processes
 - support them to arrange consultation sessions with staff and to identify learners to attend CDET wide consultation events
 - attend RAP meetings to gather feedback from centres and service spheres
 - ensure the administration of questionnaires to educators and learners
- organising and facilitating focus groups with stakeholders
- identifying, arranging and producing case studies to illustrate findings
- arranging consultation sessions with learners and staff
- to 'sense check' themes and findings emerging from the research activity

Key deliverable:

- evidence folder to inform and support claims made in review self-evaluation submission
- consultation events with key stakeholders

Group membership
