

From DirExA

Support and advice for EAs

Please be advised that a panel of Advising External Authenticators has been established by ETBI in order to support and advise the overall cohort of External Authenticators on the ETBI National Directory DirExA. The role of the Advising External Authenticator is to provide guidance and support to External Authenticators working on-site in the execution of authentication engagements. Any queries outside of the specifics of on-site engagement should be addressed to ETBI. Please note that for anyone carrying out external authentication duties for the upcoming June period, Advising EAs will be available for support over the course of **four weeks from May 6th to May 31st inclusive**. Please note that contact time is strictly for the week identified as it is not possible to provide cover for a longer period under current arrangements, and is between the hours of 9 a.m. to 5 p.m. You may call, text or email any of the personnel identified for that particular period during those hours and days. If there is anything urgent outside of that period, you may contact externalauthentication@etbi.ie and we will respond as quickly as possible.

Contact information for June Certification period 2024:

Date	Name	Phone	Email
May 6th	Louise Clarke	086 3770094	LouiseClarke@cavaninstitute.ie
May 13th	Trudi Barnett	086 6011601	tfbprojects@gmail.com
